TOPLINE FX

FORTIFIED PROTEIN SUPPLEMENT FOR HORSES

TYPICAL ANALYSIS: (PER KG)

Digestible Energy (MJDE) 12.0, Crude Protein 300g, Calcium 57.86g, Lysine 35.0g, Phosphorus 18.0g, Magnesium 20.0g, Potassium 28.5g, Sodium 13.9g, Sulfur 15.0g, Iron 550mg, Zinc 406.7mg, Copper 217mg, Manganese 400mg, Iodine 10mg, Vitamin A added 47000IU, Vitamin D added 13000IU, Vitamin E added 1500IU.

Features

- Exclusive protein supplement containing protein meal and essential vitamins and minerals including calcium, phosphorus, magnesium, zinc, Vitamin A and Vitamin E.
- Provides a unique amino acid profile, providing the building blocks to lay down bone and muscle in performance horses.
- Optimal calcium:phosphorus ratio to ensure sound bone and tendon integrity.
- Provides low starch energy and a cool source of digestible energy while ensuring high quality protein provision.
- Provides the building blocks for fast and efficient building of topline.
- Concentrated source of high quality amino acids commonly deficient within the ration.

Benefits

- Well balanced, high quality protein and amino acid supplement.
- Provides essential protein for maintaining and building topline during training and competition.
- Provides a reliable supply of protein to reduce the implications of seasonal changes in pasture, grain and hay quality.
- Contains high levels of Vitamin E to aid in reducing muscle recovery time following strenuous exercise.
- Provides correct balance of critical bone mineral nutrients, preventing demineralisation through dietary imbalances.

DIRECTIONS FOR USE/CONTRAINDICATIONS

Avoid mixing through a dampened or wet feed/mash due to possible odour.

IMPORTANT NOTE: To ensure optimal growth rate and bone development, Ranvet 500 Plus Stud Formula should be used prior to commencing training or high performance.

DOSAGE RATES

250-300g daily added to the ration. Ideally, pellets should be divided equally between morning and evening feeds.

PACK SIZE(S)

7.5kg
