Branched Chain Amino Acid Powder Supplement For Horses

Performance
Horses

Encourage
Optimal Recovery

Does not
contravene rules
of competition

Palatable
Powder

KEY INGREDIENTS per kg:

L-Leucine 354.1g, L-Isoleucine 260.5g, L-Valine 260.5g, L-Glutamine 20.5g, L-Carnitine 12.9g

FEATURES & BENEFITS

- Supplies essential amino acids which are the building blocks of the equine body.
- The three Branched-chain amino acids, L-Valine, L-Leucine and L-Isoleucine make up one third of all muscle protein and require replenishment following strenuous activity.
- Rapidly metabolised and absorbed.
- Aids in maintaining muscle tissue mass, required in times of physical stress and intense exercise.
- Supplementation following exercise aids to replace muscle tissue damage and wastage by optimising muscle repair and regeneration.
- Pre-exercise supplementation considerably reduces muscle protein degradation during exercise.
- Post-exercise supplementation aids muscle recovery following intense exercise stress.
- Maintains cell integrity during hard work.
- Preserves muscle glycogen stores.

DIRECTIONS FOR USE/CONTRAINDICATIONS:

Mix BCAA Powder thoroughly into the horses feed. Continue use of product whilst horse is in training.
