

Electrolyte Replacer[®]

Concentrated Electrolyte Supplement For Horses

Suitable for
ALL Horses

Highly Palatable
Powder

Easily Mixed
into Ration

ACTIVE INGREDIENTS (per kg)

SODIUM as chloride, bicarbonate & sulphate 218.3g, POTASSIUM as chloride 174g, CALCIUM as carbonate 35.6g, MAGNESIUM as carbonate 3.2g, CHLORIDE as sodium & potassium 473.8g, CARBONATE as calcium & magnesium 61.2g, BICARBONATE as sodium 21.8g, SULPHATE as sodium 11.5g

FEATURES & BENEFITS

- Supplies a concentrated source of all critical electrolytes.
- Maintains optimal body fluid balance.
- Ideal for intense work, travelling, endurance or basic daily supplementation.
- May be used in conjunction with oral electrolyte pastes or liquids.
- Reduces dehydration, muscle fatigue, cramping, poor performance and delayed recovery following exercise.
- Facilitates optimum performance in all extreme environmental conditions.
- Ideally used in conjunction with Ranvet Electro Paste during training or long distance travelling.

DIRECTIONS FOR USE/CONTRAINDICATIONS:

Mix Electrolyte Replacer powder thoroughly through the horse's feed. Spread dose over two feeds. Continue use of product whilst horse is in training.
