

# Rutin Mix

## Bioflavonoid, Mineral & Vitamin Feed Supplement for Horses

All Natural  
Ingredients.

Powerful  
Antioxidant

Improve  
Blood Flow

Strengthen  
Blood Vessels

### KEY INGREDIENTS (per kg)

Rutin 20g, Calcium 145g, Magnesium 113g, Vitamin A 375,000 IU

### FEATURES & BENEFITS

- Bioflavonoid compounds have been shown to aid in the prevention and treatment of 'bleeding' in racehorses, caused by capillary blood vessel fragility.
- Bioflavonoid compounds are inclusive of Hesperidin and Troxerutin and have been shown to increase the resistance of the capillaries and reduce permeability to red blood cells.
- Reduced formation of pro-inflammatory mediators such as prostaglandins, Leukotrienes and reactive oxygen species.
- Results in significant reduction in free radical damage to cells.
- Improvement in blood circulation.
- Strengthening of blood vessels and capillary walls.
- Increased elasticity of blood vessels and capillary walls.
- Improvement in lymphatic flow and function.
- Immune system enhancement.

### DIRECTIONS FOR USE/CONTRAINDICATIONS:

Mix Ranvet Rutin Mix thoroughly through the feed. A measure is provided. One level measure holds 30g Rutin Mix.

Administration of Rutin Mix should commence immediately. It is advisable to consult your veterinarian if the condition does not improve.

### IMPORTANT NOTE:

No claim can be made for Rutin powder in chronic cases due to hereditary factors or severe haemorrhage from the lungs or other sites associated with pathological lesions.

### DOSAGE RATES:

Light Work: 30g daily as routine

Moderate to Heavy Work: 60g daily as routine

**PACK SIZE(S):**  
2kg Bucket and 20kg Bucket
